

# GCC At-a-Glance

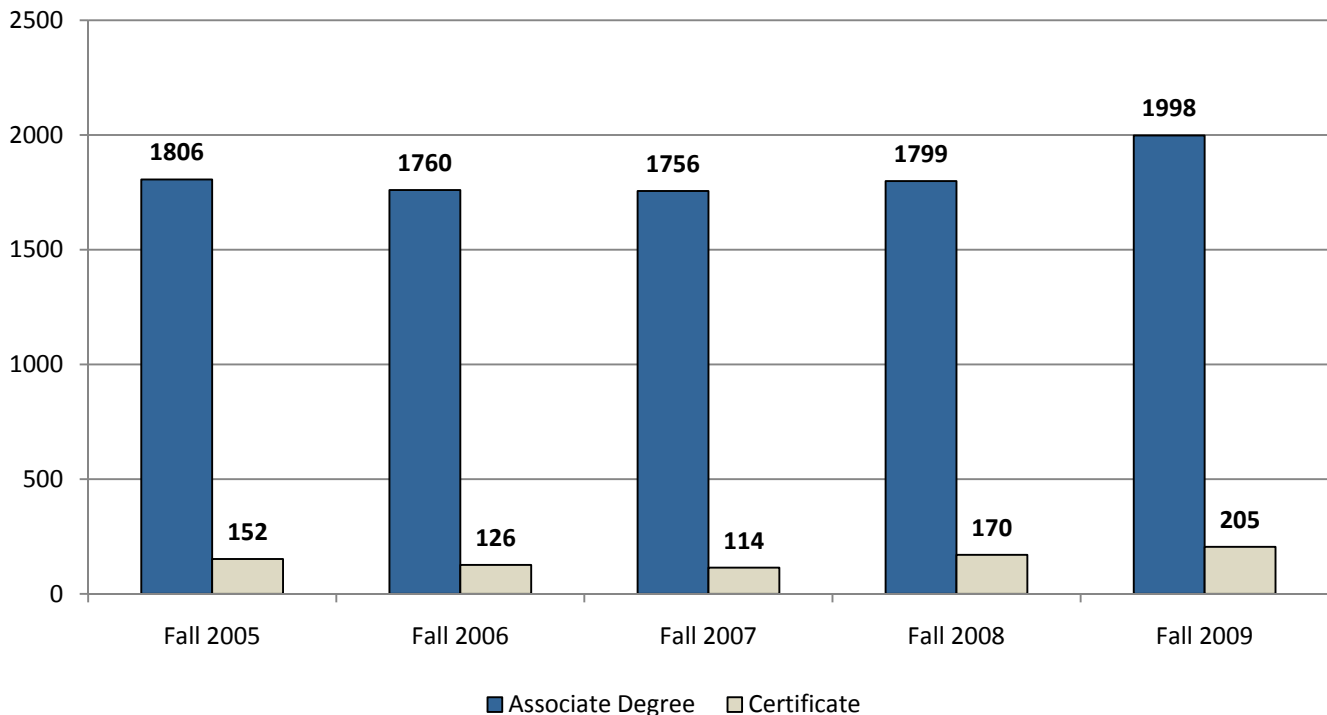

## Fall 2009 Program Enrollments

One new certificate program for Web Development and Design (WDD) and one new liberal arts option for Renewable Energy/Energy Efficiency (LRE) were established at GCC for fall of 2009. The 10% increase in enrollment (229 students) from fall 2008 to fall 2009 generated increases in total enrollment in associate degree programs by 11%, certificate programs by 20% and in the number of early entrant (dual enrollment) students by 38%. Only total students taking courses but not matriculated into a program dropped (by 15%).

### Associate Degree & Certificate Enrollments, Fall 2005-2009

86% of GCC students are matriculated into associate degree or certificate programs in fall 2009.
