

# GCC At-a-Glance

## Fall Unduplicated Credit Enrollment History, 1982 - 2009

### Summary

- **Enrollment increased by 229 students (10 %) from fall 2008 to fall 2009.**
- Unduplicated credit enrollment fall 2008: **2546 students**
- Average fall enrollment, 1982-2009, 28 years **2331 students**
- Average 10-year, fall enrollment, 2000-2009 **2313 students**
- GCC is just at the top of its natural variability, which is defined statistically from 2,091 to 2,571 students during the 1982 to 2009 period. We expect headcount to be within this range 95.4% of the time based upon our enrollment history over the past 28 years.
- Total credits increased by 2,927 credits or 14% (20,496 to 23,423 credits) from fall 2008 to fall 2009.
